

# ANCHORED 4 LIFE

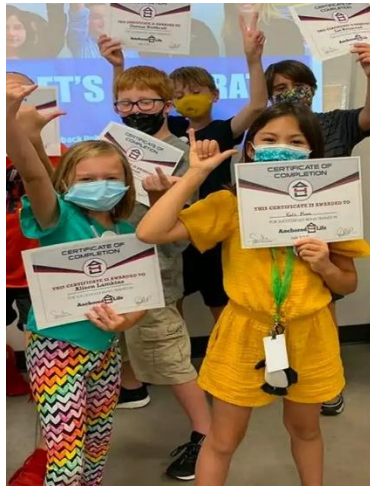

## DID YOU KNOW?

On average, military-connected children move every 2.9 years and will attend 6-9 different schools before graduating high school.

One of the ways the **MCRD-SD/WRR School Liaison Program** can help ease the effects of the mobile military lifestyle is by providing Anchored 4 Life Kits.

## What is Anchored 4 Life?

Anchored 4 Life helps military-connected kids develop leadership and life skills, build confidence, and reinforce team building. This program offers support by:
